

# 2012 *Currents* Calendar Highlights AWARD-WINNING WAYS

Several of the winners of Secretary of the Navy (SECNAV) Energy and Water awards and Environmental awards take the *Currents* calendar stage for 2012. In fact, with so many winners, we even are expanding the calendar to an 18-month format, keeping you covered through June 2013. Each month also includes a quote that is related to the topic or the installation.

Here are a few of the items you can expect to see:

**January 2012:** Naval Base Ventura County conserves natural resources, energy and water to win two awards.

**April 2012:** Marine Corps Air Ground Combat Center Twenty-nine Palms gamers three SECNAV awards—two environmental and one energy.

**July 2012:** Naval Station Great Lakes shows off its sustainability.

**October 2012:** For Energy Awareness month, learn how Naval Support Activity Souda Bay Greece captured an energy award.

**January 2013:** For the energy award in the large ship category, it is USS BATAAN (LHD 5) taking the prize.

**April 2013:** The submariners at Naval Submarine Base King Bay scoop up two, with an environmental quality award and an energy platinum award.

As the Navy's official energy and environmental magazine, *Currents* has the privilege to share the many ways the Navy's energy and environmental personnel and Sailors work to find and implement the best techniques to achieve their goals. *Currents* provides a forum in which all of you can share your knowledge and successes with your colleagues.

Do you subscribe to *Currents*? If so, you should have received your 2012 calendar by now. If not, please contact Lorraine Wass, our distribution manager, at [ljwass@surfbest.net](mailto:ljwass@surfbest.net) or 207-384-5249 to receive your own copy of the calendar, request additional copies and sign up for *Currents*.
